# National Suicide Prevention & Postvention Resource Directory

The first-ever national resource directory dedicated to suicide prevention and support after suicide loss for current military, veterans, first responders and their families.

| Resources listed | Search coverage | Organization listings |

## THE FIRST OF ITS KIND

Unlike general veteran resource directories that cover a wide range of unrelated topics, Red Star Foundation's national directory focuses on suicide prevention, intervention and postvention. It brings crisis services, ongoing prevention support and resources for families grieving a suicide death into one searchable destination.

## WHO IT SERVES

Current military, veterans, first responders, Red Star Families, surviving loved ones, caregivers and others seeking suicide-related assistance.

## FINDING THE RIGHT SUPPORT

Search organizations and services by name, state, county, ZIP code, population served and support category. Discover local and nationwide resources, including phone, text and online services.

## AVAILABLE SERVICES

Crisis and urgent help; mental health care; counseling; peer and community support; grief and surviving-family assistance; and practical services that address suicide risk factors, including housing, financial challenges, employment and substance use.

## EVERY ELIGIBLE ORGANIZATION CAN APPLY FOR FREE

Organizations providing suicide prevention, intervention, postvention or related support are invited to register at no cost. The directory helps organizations become more discoverable, strengthens referral pathways and makes assistance easier to find.

## LISTING REVIEW AND RED STAR VERIFICATION

Submitted organizations are reviewed against directory inclusion criteria. Eligible listings may receive a separate Red Star Verified Resource designation after completing the applicable review. Directory inclusion or verification is not clinical accreditation and does not guarantee service availability or outcomes.
